Personas/Journey Maps  
Storyboards  
Concept Validation  
Usability Tests  
Task Flows  
App/Site Maps  
Interaction Design  
Competitive Analysis  
Affinity Map  
Product Roadmap

## In my Toolbox

### Proficient

Sketch  
Photoshop  
Illustrator  
Axure  
Invision  
Proto.io  
Keynote  
POP  
HTML5  
CSS3

### Adding

Javascript/jquery  
Pixate  
Figma  
Framer.js

## Interests

Rec-league soccer  
Climbing  
Cooking

## Accolades

Published in Am Journal of Nephrology: 2016  
NU Essay Competition Winner: 2010  
Dean's List: 2008-2009, 2011

## Experience

### Designer-in-Residence

DESIGNATION | Chicago

June 2016 - August 2016

- Selected to be one of three Designers-in-Residence after completing UX/UI apprenticeship.
- Served as project manager for five design teams during twelve weeks of UX/UI apprenticeship and client work.
- Critiqued UX and UI designs of 18 apprentices.
- Updated UX/UI apprenticeship curriculum and migrated curriculum from simple markdown language to HTML for new learning management system.

### UX/UI Apprentice

DESIGNATION | Chicago

January 2016 - May 2016

- Researched user patterns through domain research, user interviews, and user testing, and iterated wireframes and prototypes for WeSolv, a networking startup, and Elu, an e-commerce startup.
- Created product roadmaps and site maps, and consulted on UI design and developer hand-off for WeSolv and Elu.
- Developed UX/UI design proficiency by working on a team to design a fitness app concept during the 70-hr/week apprenticeship.

### Practice Manager

Chong Soo Rim MD LTD | Chicago

July 2014 - January 2016

- Managed schedules, office functions, high-level operations, and third-party partnerships for practice with over 3,500 active patients.
- Oversaw claims workflow and patient accounts management.
- Increased revenue by 10% by leading the transition from paper charts and an obsolete CMR system to a cloud-based EHR system.

### Chemistry Teacher

Fremont High School | Teach for America | Oakland, CA

July 2012 - June 2014

- Taught high school chemistry to 280 students including 120 English language learners.
- Wrote and piloted an Environmental Chemistry curriculum that connected local and global environmental issues to fundamental Chemistry concepts.
- Led an advisory class with 50 juniors that resulted in a 90% graduation average over two years and a 50% college attendance rate.

### Debate Coach

Bay Area Urban Debate League | Oakland, CA

July 2013 - June 2014

- Taught strategies and tactics to novice debate teams that placed 2nd and 4th at their first BAUDL tournament.
- Judged novice and junior-varsity matches at BAUDL tournaments that included 35 teams from seven Bay Area High Schools.
